## Setup Process

The first time you use the **CONTOUR DIABETES app**, you will be asked to complete the Setup process to customize your settings.

Once you have created your account and paired a meter to your mobile device you will then be taken through the Setup process.

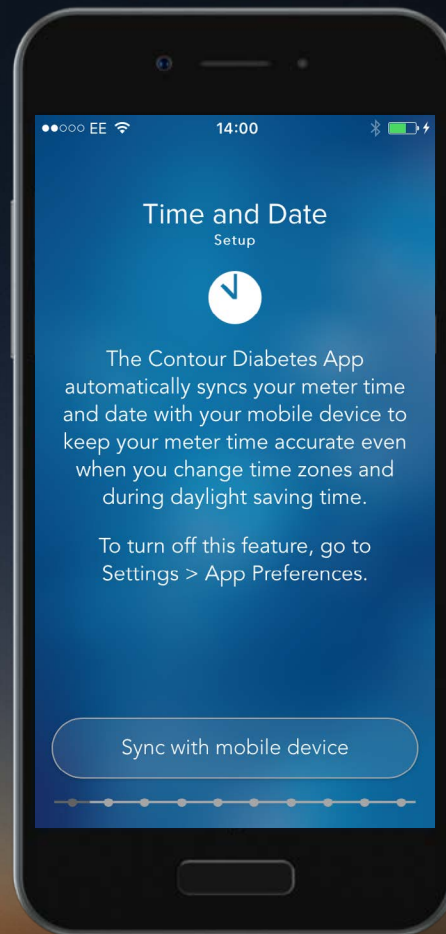

Contour.  
next ONE<sup>®</sup>

Monitoring System

1.

## Time and Date

The **CONTOUR DIABETES app** automatically syncs your meter Time and Date with your mobile device to keep your meter time accurate even when you change time zones and during daylight saving time.

Contour.  
next**ONE**<sup>®</sup>  
Blood Glucose  
Monitoring System

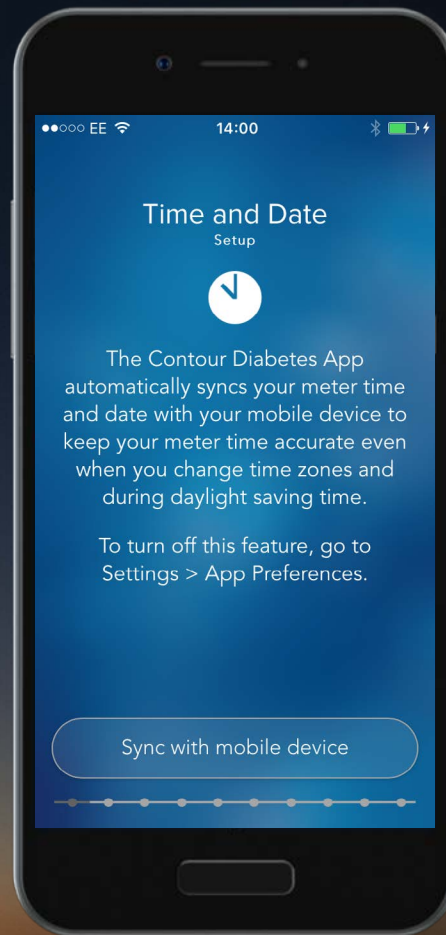

2.

## Time and Date

Select '**Sync with mobile device**' to set your local Time and Date for accurate time stamps on your blood sugar readings.

Select '**Continue**'.
